

REMARKS/ARGUMENTS

The above-identified patent application has been reviewed in light of the Examiner's Action dated November 8, 2004. Claim 1 has been amended. Accordingly, Claims 1-7 are now pending.

Claims 1-3 have been rejected under 35 USC §102(b) as being anticipated by U.S. Patent No. 5,257,723 to Bagung ("Bagung"). "A claim is anticipated only if each and every element as set forth in the claim is found, either expressly or inherently described, in a single prior art reference." *Verdegaal Bros. v. Union Oil Co. of California*, 814 F.2d 628, 631, 2 USPQ2d 1051, 1053 (Fed. Cir. 1987). Claim 1 has been amended to add the limitations of a "frame having at least one wheel wherein said frame is selectively positionable" and "moving said frame to a second position of use", which are not found in Bagung. Thus, Claim 1 and its dependents, Claims 2-7, are now believed to be allowable over Bagung.

Claims 1-7 have also been amended to remove superfluous text.

Claims 6-7 have been amended to correct antecedent basis mistakes objected to by the Examiner.

Based upon the foregoing, Applicants believe that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,

SHERIDAN ROSS P.C.
